NE-HD-KF-SSMT	Stainless Steel Matte Titanium PVD*

- Marine Grade 316L machined stainless steel construction
- Maximum counter thickness: 2"
- Minimum install hole diameter: 1-3/8"
- Braided stainless steel flexible hoses 3/8" compression
- Hose pull-out length up to 20" with mixer installation 3-7/8" from the spout
- Flow rate: 1.75 GPM at 45 PSI in conformity with CalGreen and WaterSense requirements
- Single lever mixer
- Right-side lever installation only
- Cold water flow positioned towards the right
- The lever rotates 90°, and goes back only 17° making it ideal for tight installations
- The spout rotates 360°
- EasyClean spray face
- Counterweight ensures smooth gliding hose
- The handspray can be held upside-down allowing water pattern control with the index finger
- A very ergonomic solution compared to traditional pull-outs
- The spray pattern is controlled by the elegant stainless steel toggle button
- Fully recyclable
- 100% lead free – the ideal choice for your drinking water
- Areas of application:
Indoor & outdoor

* Available by special order only.
Please allow 14-16 weeks lead-time.
